TECHNICAL DESCRIPTION

Description:

The TL-302-SA is a manual table saw (pneumatic span) with easy safe operation!

With this machine, double miter cuts on the right and left are possible up to 45 °. The miter adjustment is done here by turning the stop jaw.

The TL-302-SA has a compact design with clear operation.

The saw cut is done manually from below into the material to be processed.

The material is stretched over two pneumatic clamping cylinders. Furthermore, this model is equipped with a minimal lubrication system and a fixed protection against the cutting area.
